DISCUSSION/ACTION AGENDA

2. Q1 Budget Report and Planning for FY23-24 Budget

Director Anderson shared an overview of the current FY22-23 budget status. A Budget Subcommittee meeting will be scheduled soon as a start to planning the FY23-24 budget. The ad-hoc Subcommittee consists of Board Members LaCava, Worden, Harless and Inscoc. It was mentioned that three Board Members will be leaving the JPA Board at the end of the year as their council terms end: Dave Grosch, Tina Inscoc and Kelly Harless.

3. **Get-to-71-Miles Campaign update and Naming Guidelines** – Director Anderson reported on the progress of the campaign, which has raised a total of \$1.48 million to-date. She reported that the quiet phase of the campaign is ending soon, and a new public phase is planned to raise the remaining amount to reach the \$2M goal. A “naming opportunities and guidelines” policy has been developed for trail features and amenities along the new planned segments of CTC Trail, consistent with the JPA donations policy adapted in 2009.

Director Anderson provided a status report on the trail gap proposal selection process. Proposal interviews are being scheduled for early November with an interview panel consisting of JPA staff and the San Dieguito River Valley Conservancy Director.

Motion to support the Coast to Crest Trail Get-to-71-Miles Funding Campaign Naming Opportunities and Guidelines was made by Board Member LaCava and seconded by Board Member Worden.

4. **Status on Surf Cup Sports related activities** - Director Anderson reported that the City of San Diego served a Civil Penalty Order for illegal parking and grading on the property adjacent to the Surf Cup soccer fields, and that per JPA Board direction the grading violations were reported to the resource agencies by JPA staff. Board Member LaCava stated that City staff and officials, including the mayor and City attorney, will be meeting internally to understand how the acquisition and the use of the private property and the violations work considering the lease on City owned property. Board Member Worden asked if any progress was made on the city imposing a time limit on the required trail and habitat restoration. Board Member LaCava stated that the lack of a timeline in the lease is an issue but is being discussed.

Public Comment - Maggie Brown of the Friends of the SDRV commented that the City Code Compliance Officers have been communicating with the Friends and monitoring the situation, and the Friends are pleased with the handling of the case.
